

DVR804H

Features:

- Real time recording with triplex operations
- Your choice of D1, half D1 and CIF resolution with auto-balanced recording rates
- Independent camera and recording profile for each channel
- Superb and Intuitive GUI/Control
- Picture-in-Picture display for Live/Playback
- Soft Channel swap via mouse drag-and-drop
- Comply with regulation of limited recording time period
- Direct VGA Output
- 3G Mobile Viewing
- 2-year Factory Product Warranty

Benefits :

We strive to design the DVR804H to give you the best bang of the bucks for the 4ch H.264 DVR at its price range, performance and quality wise.

The fanless operation ensures that DVR804H will guard your premise 7/24 quietly and reliably, and we back it with our 2-year factory warranty.

The superb and intuitive Graphic User Interface and Control makes the DVR804H a breeze to play with. No more layers after layers of labyrinth-like menu, all you need is just point and click all the way. In addition, DVR804H allows the user to set independently camera and recording profile for each channel and keep the DVR running at its peak compression power by auto-balancing the recording profiles of all channels.

For those countries with regulated recording time period, DVR804H will comply with freedom of limiting the recording period by the user. You can save the DVR configuration to an USB stick and restore it later to the DVR or copy it to another DVR.

We trust you will love not only DVR804H's price but also its quality and performance.
